

## ELECTION IN MANCHESTER

Both Parties Trying to Get the Voters Out, But Without Much Success.

### SMALL POLL IS EXPECTED

Police Commissioners After Gamblers—To Erect Oil Plant.

Manchester Bureau Times-Dispatch.] Indications are that a small vote will be polled in Manchester to-day. Politicians do not anticipate a poll of more than 500 votes, although the Republicans are trying to get out a strong vote. Candidate Wilson, the Republican opponent of Saddle for the Senate, was in the city the other day, and he made the statement that he would come to the city with a majority.

Chairman French has asked the Democrats to come out in force, and Chairman Smith, of the Republican party, is doing some hustling.

### POLICE BOARD.

Mayor Maurice was requested by the Board of Police Commissioners last night to direct Chief Lipscomb to instruct his men to arrest all persons engaged in gambling or suspected of conducting gambling houses.

The discharge of Woodbridge in the Mayor's Court yesterday morning at the suggestion of the Commonwealth's attorney, who did not believe there was evidence to convict on the charge of keeping a gaming house, caused some discussion and comment.

Owing to the improved health of Officer Jones, the action putting him on the retired list was rescinded, and he was reinstated in active work.

Those present were Mayor Maurice, Messrs. Abbott, Ferguson, Sampson and Nunnally.

### COUNCIL MEETING.

At a called meeting of the Common Council, the Independent Oil Company was granted permission to erect a plant on Second Street, near Blockton. A representative of the company said he had plenty of capital behind him, and that it was his intention to sell oil at a low rate.

### SILVER TEA.

The ladies of Sacred Heart Church will give a silver tea at the school house on Fourteenth Street, Thursday night. There will be a fine musical and literary programme.

### CONFEDERATE VETERANS.

A meeting of Joseph E. Johnston Camp was held last night and arrangements made for the trip to Petersburg on Friday. Ten new members were elected, and Rev. Dr. Criddle was chosen chaplain. There are now thirty-five members of the camp. The special car will leave Seventh and Perry Streets at 8 A. M., and returning, leaving Petersburg at 7 P. M.

### FINED FOR GAMBLING.

The case of James Woodbridge, charged with maintaining a gambling house and engaging in gambling, was disposed of by Mayor Maurice yesterday morning. Woodbridge was fined \$30 for gambling. It was not shown to the satisfaction of the Commonwealth's attorney that he kept a public gambling place.

The charge was made by Warren Thompson, who said he lost \$22 and a gold watch. The law does not prohibit a game of poker in which less than \$20 is lost in twenty-four hours, and it was upon this point that the accused was fined. The Commonwealth's attorney was present and advised the Mayor in the matter.

### FUNERAL OF MRS. ROBERTSON.

The funeral of Mrs. M. A. Robertson, wife of Mr. T. H. Robertson, who died yesterday morning at Oak Grove, will be from the home at 3 o'clock. Rev. Mr. Woodward, of Toward Avenue Church, will conduct the service.

### PERSONAL AND NOTES.

The liquor of Manchester will meet at 1 o'clock this afternoon at Tony's Hall.

### RETURN THANKS.

In addition to the names already mentioned as contributing to the Masonic bazaar, the following are mentioned, with the thanks of the various chairmen.

Mrs. T. H. Betty, chairman country store booth, returns thanks to the following persons for donations received by her:

Jones Bros., Long & Riddick, Walter Baker Company, National Biscuit Company, Mr. Christian, Virginia-Carolina Chemical Company, Watkins-Cottrell Company, Homestead & Clark, H. J. Helms & Company, Mr. John Roper, Meade & Baker Company, Huyler's Manufacturing Company, Fleming-Christian Company, Ballard & Ballard, Johnson Fickie Company, Smith-Country Company, Thelmer Bros., Mr. George Street, Mr. D. ### LIKED HIS "NIP."

Not a Whiskey but a Coffee Toper.

Give coffee half a chance and with some people it sets the grip hard and fast. "Up to a couple of years ago," says a business man, of Brooklyn, N. Y., "I was as constant a coffee drinker as it was possible to be. Indeed, my craving for coffee was equal to that of a drunkard for his regular 'nip,' and the effect of the coffee drug upon my system was, indeed, deplored by my natural color, my features were pinched and my nerves were shattered to such an extent as to render me very irritable. I also suffered from palpitation of the heart.

"It was while in this condition I read an article about Postum Food Coffee and concluded to try it. It was not long before Postum had entirely destroyed my raging passion for coffee and in a short time I had entirely given up coffee for delicious Postum.

"The change that followed was so extraordinary I am unable to describe it. Suffice it to say, however, that all my troubles have disappeared. I am my original happy self again, and on the whole the soothing and pleasant effects produced by my cup of Postum make me feel as though I have been 'banded' at another station."

"Not long ago I converted one of my friends to Postum, and he is now as loud in his praise as I am. Name furnished by Postum Co., Battle Creek, Mich."

Look in each package for a copy of the famous little book, "The Road to Wellville."

## EMBERTON PRICE & CO.

Successors to Thomas R. Price & Co.

"Rig—What's a department store, anyhow?" "Rig—Oh, it's a place where you can get anything you don't want for generally less than you'd have to give for anything you do want."—Town Topics.

Now we do not run a store of this kind. Our constant effort is to have just the thing you may require at absolutely the right cost. Folks are rapidly realizing this fact and hence our betterment all around.

The Suit sale of last week made us many new patrons. The Suits at \$3, \$5 and \$6 were picked up promptly, and we yet have a few good ones left.

Careful shoppers and dressers pronounce our New Suits the most stylish they have seen anywhere. After looking over the city, they come back. That's all.

Black Goods: Here we can suit the closest buyer. At 50c, we have dependable goods that will give you a surprise.

The Cheviots, Nubas, Serges, Zibelines and other wanted weaves at 75c. to \$2 we have received afresh. We can now furnish just what you wanted. Colored Dress Goods: Have you seen these rare values in Kerseys and in Meltons at \$1.50?

Another lot we have just opened: Smart and stylish Outings and Flannellets, of the good kind you know about, just put on sale. We do not carry trash.

Linens and Drapery: At 25c, we have the best hemmed and hem-stitched towel you ever saw. Have you had time to see our 50c. Damasks? A good light to match shades.

## SMALL DOCKS ARE NEEDED

These for Docking Small Vessels Would Prove an Economical Provision.

### BIG ITEMS FOR NORFOLK

Over a Half Million Dollars Embodied in the Estimates for Improvements There.

(By Associated Press.)

WASHINGTON, D. C., Nov. 2.—Rear Admiral Endicott, chief of the Bureau of Yards and Docks, in his annual report to the Secretary of the Navy, says several of the yards, especially those at New York and Norfolk, are becoming congested, owing to their limited area, and that unless some action is taken looking to their relief their efficiency will become restricted.

The estimates for the coming fiscal year, it is explained, provide for continuing the work on dry docks at Charleston, New York and Norfolk and the steel floating dock at Cavite, P. I., and that, with the exception of the estimate for the improvement of the water front at the New York navy yard—\$1,500,000—these are among the largest items for which estimates are submitted. Attention is called to the need of more extensive accommodations for the berthing and storage of torpedo boats, and it is suggested that the construction of a small dry dock at Norfolk and other yards for the docking of the large number of small boats of the navy would be an economical provision. Many works of improvement are necessary at Charleston yard, if it is to be developed into a station of moderate efficiency, says the report also.

Admiral Endicott says a dry dock of the largest capacity should be constructed at once at Pensacola, which yard he believes will be of undoubted importance in the future.

Among the largest items for which estimates are submitted for the yards named are the following:

Charleston, S. C., to continue work on dry dock, \$500,000; ship fitters' shop, \$150,000; to complete building, \$22,000;undry, \$55,000; quay wall, \$20,000. Norfolk, Va., piers and slips, \$200,000; to continue dry dock, \$400,000; to complete the fitting out basin, \$55,000.

### GLASS IN PORTSMOUTH.

Representative From Sixth District Receives Ovation.

(Special to The Times-Dispatch.) NORFOLK, VA., Nov. 2.—A thousand Portsmouth people heard Hon. Carter Glass, of the United States House of Representatives, in the city of the stragglings, strenuous campaign in Norfolk county.

The Lyceum Theatre, in which he spoke, was crowded with voters from the city and the county. Mr. Glass was never in better voice or spirit. He thundered against the United Alliance of Republicans and Democrats, as he saw it in the fusion party of Norfolk county, which the straightouts are fighting. Mr. Glass said he was in the city to deliver a speech in support of the State ticket, and he was not in the city to deliver a speech in support of the State ticket.

He electrified his audience and made many voters for the straightout cause. Mr. Glass protested against the perversion of the constitutional restriction of the negro vote as practiced by the registration laws of the State, and he was roundly applauded on this point. He went to Berkeley after his Portsmouth speech and delivered another address there.

He was received with a salute of cannon, and he reiterated in his speech the principle made in his Portsmouth speech.

It is not now believed that there will be any trouble at the polls to-morrow. Chairman Owens, of the State ticket, said the county by a large majority. Washington District, he admits, is doubtful. Chairman George W. Jones said the straightouts are making no claims, but that his people are firmly in earnest in the protection of their rights, and they propose to secure a fair election.

In Norfolk to-night appearances point to a close brush between Hughes, Republican, and Gunn, Democrat. Lambeth likely go to the House with small opposition, but a fight is being made on his Democratic running mate.

### WED IN ROANOKE.

Bride Had Kept Engagement Secret From Parents.

(Special to The Times-Dispatch.) WINCHESTER, VA., Nov. 2.—After being engaged nearly three years without even her parents knowing the secret, Miss Mary Browne Faulkner, one of Winchester's most fascinating girls, and daughter of Mr. and Mrs. I. H. Faulkner, became the bride at noon to-day of Mr. Albert Kenneth Weaver, district manager of Virginia and North Carolina for the Continental Tobacco Company, with office at Richmond.

The ceremony was performed at the rectory of Christ Protestant Episcopal Church by Rev. Nelson P. Dame, and the bride was given away by Colonel H. H. Baker, an intimate friend of the groom, and a member of Governor Montague's staff.

The groom is a native of Wilson, N. C., and is a son of Mr. John Weaver, of that place.

### DAUGHTERS TO HELP BUILD MONUMENT

Committee From Veteran Cavalry Association to Meet Ladies to Discuss Plans.

The Daughters of the Confederacy have determined to take hold of the task of raising money for the Stuart equestrian statue, which will be erected in the Capitol Square, in front of the Capitol, some time next year.

The Executive Committee of the Veterans' Cavalry Association, which is collecting funds for this monument, held an interesting meeting last night. Captain M. J. Dimmock, chairman, presided, and Secretary V. B. Palmer was at the post as usual.

Questioned as to the amount on hand and available at the present time, Mr. Palmer said he could count on about \$7,000. This leaves \$3,000 to be raised before the \$10,000 appropriated by the State will be available. The condition of the State offer was that when the association had raised \$10,000 it would meet the sum with another \$10,000. The Daughters of the Confederacy, having decided to help in the undertaking, a com-

mittee was appointed from the committee to meet several ladies representing the Daughters of the Confederacy in the manner in which to raise the money needed. Those named from the Veterans' Association are Captain Dimmock, Mr. Joseph Bryan, Mr. E. A. Catlin, and Mr. W. B. Ben Palmer. The Daughters' committee is yet to be named, and the day for the joint meeting has not yet been set.

Through the courtesy of Mr. Arthur B. Clarke, Secretary Palmer brought to the meeting last night a stereopticon slide of the equestrian statue by Foley. This handsome monument is in one of the prettiest London squares, but it was not for that purpose that Mr. Palmer brought it to the attention of the committee. The model of the statue, which he described, is practically a reproduction of Foley's, which has been greatly admired. To the unpracticed eye the statue and that proposed are alike in every essential detail. Foley is known to Richmond mainly from the circumstances that he designed the monument of Stonewall Jackson in the Capitol Square.

PRINTERS WILL ASK SMALL INCREASE

The day printers of Richmond have decided to ask the employing printers, whose organization is the Typothetae, for an increase of wages from \$15 to \$16 a week.

The petitioners are members of Typographical Union, No. 59, and the organization has appointed a committee to present the situation to the employers of the city. Following are the members of the committee: J. L. Hill & Company office; Daniel McCallum, of the Weather Bureau office; J. H. Hankins, of the Walhall Printing Company; M. R. Pace, of the Williams Printing Company; and Walter B. Freeman, of the News Leader office. It is understood that the employers of printers will have a meeting to-night at the T. P. A. headquarters, when the union committee will appear to present the request of their constituency.

PRESIDENT IS ENDORSED BY THE ZION PROPHECY

(By Associated Press.) WASHINGTON, D. C., November 2.—President Roosevelt received the endorsement of John Alexander Dowle, the Zion prophet, to-day. In an interview granted at the executive offices to the members of the Dowle business cabinet, who are on their way from New York to Zion City, Judge Barnes, the spokesman for the cabinet, delivered the endorsement of the prophet. The President expressed his appreciation of the sentiment.

MISSING GIRL HAS BEEN FOUND

Located in Lynchburg, Whither She Had Walked From Salem.

Had Found Employment.

(Special to The Times-Dispatch.) LYNCHBURG, VA., Nov. 2.—The police of Lynchburg yesterday morning arrested the little girl, Mary Lovelace, who on Monday, October 19th, mysteriously disappeared from the home of her adopted parents, Mr. and Mrs. George Ragan, in Salem. A resident of this city who had read the accounts of her disappearance informed Sergeant Seay that a girl answering the description had been working in a factory here and was boarding with Mr. and Mrs. R. A. Maxey, on Seventh Street, near Main. Sergeant Seay arrested the child and took her to police headquarters, and later in the day Sergeant E. H. Moore, of Salem, came and left with her for Salem in the evening.

The girl told the police that she had not been kindly treated and that that was her reason for running away. She says that she left her home at about 8 o'clock in the evening and that the night of the disappearance she had been working in a factory here and was boarding with Mr. and Mrs. R. A. Maxey, on Seventh Street, near Main. Sergeant Seay arrested the child and took her to police headquarters, and later in the day Sergeant E. H. Moore, of Salem, came and left with her for Salem in the evening.

NEGOTIATIONS ARE BEING CONDUCTED, IT IS said, by Receiver L. B. Myers, on the part of the William R. Trigg Shipbuilding Company and representatives of the Standard Oil Company, for the completion here of the oil tank steamer which was begun by the Trigg Company and recently bought in by the Standard Oil Company.

The offer of the Standard Company of \$35,000 for the incomplete steamer has been accepted by the court. This led to the correspondence regarding the completion of the work here. The Trigg Company has every facility for doing so, and the material on hand will be used. Several hundred men will find employment if the local people are permitted to take the work of construction up where it was left off, and if the Pennsylvania company has its two ocean-going tugs also finished here, the completion of it will possibly be a year. The matter is unsettled for the present, but prospects are favorable of renewal of activities at the great plant now so painfully quiet.

FARMERS RESOLVE NOT TO SELL THEIR TOBACCO

(Special to The Times-Dispatch.) DANVILLE, VA., November 2.—Farmers of Spring Garden vicinity organized a club Saturday night and resolved to sell no more tobacco under prevailing prices, and to reduce next year's crop at least 10 per cent. of this year's production. An effort will be made to form other such clubs in the county without delay.

Killed Wife and Himself.

(By Associated Press.) WASHINGTON, Nov. 2.—Louis Morfield to-day shot and killed his wife and then committed suicide at their boarding-house here. Morfield was a paroled patient from St. Elizabeth's Hospital for the Insane.

POISONED BY WATER FROM PAINTED ROOF

Second Death in Family in Three Days—Both Children Buried in Same Grave.

(Special to The Times-Dispatch.) WILMINGTON, N. C., Nov. 2.—The second child of Mr. Charles McMillan, who was poisoned by drinking water which ran off a freshly painted roof into a cistern, died last night, after four days of intense suffering. The little daughter died Saturday, and the year-old son lasted a day longer.

The newly made grave in Oakdale Cemetery was reopened this morning and the baby was placed in the casket with his sister. This is one of the saddest cases ever known in the city. The father and mother are heartbroken from the double sorrow.

Terrible Earthquake.

(By Associated Press.) LONDON, Nov. 2.—A dispatch to the Daily Mail from Simla says that terrible earthquakes have occurred at Turbati, near Turbat, in Persia, in which 500 persons were killed and numbers were injured. One parish, a daily four-carriage factory was destroyed and only thirty-two stalls were left standing in the great bazaar. The entire town was practically demolished.

## NATURE'S GREATEST CURE FOR MEN AND WOMEN

Swamp-Root is the Most Perfect Healer and Natural Aid to the Kidneys, Liver and Bladder Ever Discovered.

### SWAMP-ROOT SAVED MY LIFE.

I received promptly the sample bottle of your kidney remedy, Swamp-Root. I had an awful pain in my back, over the kidneys, and I was unable to get on my feet.

There is comfort in knowing that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills every wish in quickly relieving such troubles. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

Swamp-Root a Blessing to Women

My kidneys and bladder gave me great trouble for over two months and I suffered untold

misery. I became weak, emaciated and very much run down. I had great difficulty in retaining my urine, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day and night, and I feel as well as ever. Swamp-Root has proved a blessing to me. Gratefully yours,

There comes a time to both men and women when sickness and poor health bring anxiety and trouble hard to bear; disappointment seems to follow every effort of physicians in our behalf, and remedies we try have little or no effect. In many such cases serious mistakes are made in doctoring, and not knowing what the disease is or what makes us sick. Kind nature warns us by certain symptoms, which are unmistakable evidence of danger, such as too

often, and had to urinate from four to seven times a night often with smarting and burning. Brick dust would settle in the urine. I lost twenty pounds in two weeks, and thought I would die. I took the first dose of your Swamp-Root in the evening at bed time, and was very much surprised; I had to urinate but once that night, and the second night I did not get up until morning. I have used three bottles of Swamp-Root, and to-day am as well as ever. I am a farmer, and am working every day and weigh 150 pounds, the same that I weighed before I was taken sick.
